# Passive Wall Plate Device:

WAV-645

Congratulations on purchasing your Kramer **WAV-645** Wall Plate Device!

The **WAV-645** is a one gang wall plate insert that has an RJ-45 connector (NET).

In addition, the **WAV-645** has a pass-through connector for:

- A PC (UXGA) on a 15-pin HD computer graphics video connector
- Analog stereo AUDIO on a 3.5mm mini connector
- Video (composite or SDI) on a yellow RCA connector
- Unbalanced stereo audio on RCA connectors (white for L and red for R)
